

# OZ

# OZONE

**It guarantees the natural inactivation of virus, bacteria, mites, molds, fungi, parasites and bad smells thanks to the capacity of ozone.**

Ozone quickly returns to its most stable state (O<sub>2</sub>) **without leaving traces of toxins**

## Programmable

The user has the possibility to choose time and day of switching on and off

## Compact

Robust and compact design, portable, built entirely in stainless steel

## Fast and Silent

It ozonates environments quickly and in total safety and tranquility

## Fast and Silent

Two models available:  
**Oz-10** with 10 g / h ozone emission  
**Oz-30** with 30 g / h ozone emission

## Who need it?

The portable ozone generator is suitable for many activities

GYM

BAR  
RESTAURANTS

OFFICE

SCHOOLS

HOTELS  
B&B

SURGERIES

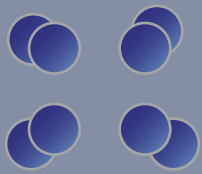

FOOD  
SHOP

HAIRDRESSER  
BEAUTICIANS  
TATTOO SHOP

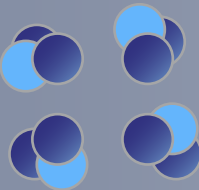

# HOW IT WORKS?

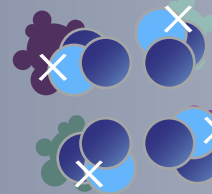

Oxygen is absorbed by the Ozone Generator

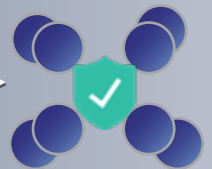

The generator releases an electric shock

The oxygen, hit by the electric discharge, reacts transforming itself into ozone

Ozone kills virus and bacteria

Finally the ozone returns to O<sub>2</sub> state, leaving the room air healthy and clean

## DATA SHEET

# Oz - 10

# Oz - 30

Ozone emissions	10 g/h	30 g/h
Ventilation efficiency	150 m <sup>2</sup> <i>Standard ceiling</i>	320 m <sup>2</sup> <i>Standard ceiling</i>
Technology	Corona discharges	
Programs	Daily / weekly programs - Non stop	
Working temperature	T : 0 °C + 40 °C - RH < 70 %	
Power supply	220 - 240 V - 50 Hz	
Electricity consumption	130 W	250 W
Dimensions	380*170*260 mm	440*220*305 mm
Weight	4 Kg	6 Kg
Conformity	CE	CE
Conformity	41400103	41400203

### Buying an Argolab OZ saves your money

A sanitization carried out by specialized operators must be repeated over time, and cost a lot.

Purchasing the **ArgoLab OZ** you can sanitize all your environments every time you want.

## PRO-Clean™

Residual protein test on surfaces

### The ozone generators are supplied with 2 rapid tests

for a qualitative analysis of the presence of viruses / bacteria before and after treatment.

### ProClean™ quickly checks the cleanliness of surfaces

to help ensure product quality by detecting protein residues left behind after cleaning.

### ProClean™ quickly validates the hygiene of a surface

allowing immediate corrective action to be taken if necessary.

- Results in 1-10minutes
- Easy interpretation of the outcome
- 100% recyclable
